- Versymmetric® 3-stage-front arms safely lift both symmetrically and asymmetrically within the same service bay maximizing service capabilities and revenue potential.
- Double Telescoping Screw Pads minimizes the need for truck adapters by meeting a wider range of OEM recommended pick up points.
- 11' 11-7/8" standard height allows lift to be placed in service bay with 12' ceiling.
- Single point mechanical lock release
- Padded overhead shut off system prevents vehicle damage from being raised too high.
- Premium powder coat provides durable finish
- Rubber door guards prevent damage to vehicle door
